

SAFETY AND SECURITY

The December 2015 Shutdown period saw very few incidents of crime being committed within the Blackheath Industrial Area and the SAPS feedback listed only one business robbery having been reported during the entire December period.

The SAPS and ST3 Security increased their visibility over the December period and along with the local CCTV network and one or two additional manned “outposts” along Wimbledon Road we were able to deter the criminal elements and employ a pro-active approach to effectively Secure the Industrial area and its users and Businesses.

We look forward to a Safe and Prosperous 2016 for all!
